Mr. Charlie Mass,
 Glen Rose, Texas.

Dear Friends:

I wonder if you could give me the answer to a couple of questions. If you would just jot in the reply in the spaces and return this, it would save your time. I may bother you some more from time to time.

1. As to the first tracks you found in 1911, which way was the man walking, up-stream or down-stream?

DOWN-STREAM

2. Do you recall about how many tracks he made before starting to run?

ABOUT 5 (Five)

3. Were those tracks on the north or south bank of the river?

NORTH

4. Do you recall the year that Dr. Burdick first visited there?

EARLY 40'S

5. The year that Mr. Bird first came?

1938

6. To your knowledge, were some fake man tracks carved and sold? If so, when and who? Was it much of a racket? What did they sell for?

RATHER NOT SAY.

7. Do you have Jim Ryals' address?

OVER

Thanks a lot, Charlie.

Cordially yours,

George Westcott
