Pauline Snyder wrote Life. No show wrote too, the letter and 1st + was printed. People want Roland Bird. Ape just as damaging to theory collapses 70 000 000 years to 0.

2 scientists from SMU, geologist from Dallas,

say the rocky plateau slid in later, on mud underlain 30 gallons - big dino. 1 yd. across.

Visitors about every day. We've seen no mammal artifacts Route 205. A man found a petrified leg 18 ft long embedded in limestone. Couldn't get it out.

Irene Howard, saw Dr. Cook's track many x. Lizzy Moss saw Cook track many x. on route to hosp. in Rock wall 3 ft high. 18" - very clear 4 1/2 - 5" wide. Not long toes. Good arch + good heel, - Left foot. Was there a long time. In '57 Chas + Liz went to get a pic of it at Cleburne + track was gone. Track there at Cook's after R. Bird was there. Ryals found it after Bird left. Bird argued + Charlie.

"ape has flat foot" Chas. stood up to Bird, Bird's accept to help + hospitality + then snubbed + insulted them.

Bull Adams, lawyer, geologist, archeologist, Oxford U. grad. Father, John Adams, circuit judge. Geo = postman.

How he got name "Bull". Played on Baylor team. Quarter - played / down by himself. Wt 225.

Took case to Supreme Court + won, only 1 in state of Tex. Ges of carved track. Squelched.

END - Moss
