### G.R. - STATE PARK (F.M)

To reach G.R. State Park one travels W. on RT 20.5(?) a distance of 3.0 mi. from its intersection w U.S.-67. From a gravel road proceed north another 1.5 miles to the path that descends to the river level. Looking across from the high bank one sees a flat rocky plateau on opposite side which is about 3 feet above lower water level. The plateau averages about 55 feet in width & is about 110 ft. long.

bank height on W. = 25 ft.  
 " " " E. = 25 ft.

Air - 60°
