

In medicine, when an expert opinion is needed one calls in a specialist in order to bring greater experience to bear on the problem at hand. Relative to the fossil tracks, it is reasonable to call in for expert testimony some of the older residents who have had years of <sup>personal</sup> experience ~~and~~ in quarrying and selling tracks and who have thereby acquired ~~a~~ considerable knowledge of the details involved. Hours of recorded talks involving at least 9 persons, the "old timers" recordings were made in Aug 1969 by interviewing at least 10 persons, the "old timers", whose experience ~~has~~ ranged from 1910 in one instance down to the present. These were all successful people who gave forthright answers. If they didn't know the answer they readily admitted it. There was every reason to believe that each was both intelligent and honest.

Take first Mr. & Mrs. Jim Ryals, Jim and Cecil, who celebrated their golden wedding anniversary Jan. 6, 1969. They ~~are~~ <sup>were</sup> healthy and alert and lived in an attractive home he built about 6 years ago, in the community of Lakeside Village Morgan, Texas. Both were born in the Glen Rose area and lived there until a few years ago. They have 7 living children, 16 grand children and 8 great grandchildren. They have a good sense of humor and a keen interest in living.

They got into the track business in the early 30's. The depression was on, jobs and money were scarce and they had their large family to feed. He had worked for as little as 50 cents a day. Then they
