Dr. Carl Blugh  
Creation Evidence Museum  
P.O. Box 309  
Glen Rose, Texas 76043

Dear Dr. Blugh:

Having been a Glen Rose Citizen Almost all my life - and having been the Glen Rose Postmaster for 28 years - I have been interested in the reports of human tracks found among dinosaur tracks in the Glen Rose Area. I have personally seen a number of these tracks when they were first exposed in the limestone. In my opinion, many of these tracks are genuine human footprints with all features of the human foot showing.

One of the clearest human footprints that I personally inspected was the original
